Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking
Comments:	I have previously commented on this scheme but failed to raise the access concerns I have. WSCC Highways say the access road needs to be a minimum width of 4.1m but I doubt the access road allows 2 cars to pass safely so there will inevitably be cars reversing on to the highway on a very dangerous part of a poorly lit narrow road which will become an accident hotspot particularly at night time.

Kind regards
