Comments Details

Commenter Type:	Parish Council
Stance:	Customer made comments neither objecting to or supporting the Planning Application
Reasons for comment:	
Comments:	The Parish Council withdraws its previously submitted Holding Comment and offers no objection to this application. It does however request that any permission granted has a condition attached to it that the applicant should maximise water collection from the greenhouse structure through the installation of

	gutters, downpipes etc for use in the irrigation of the plants housed within and to minimise the requirement for additional mains water use. Despite being screened out for Water Neutrality purposes, the Parish Council feels that this measure would accord with District and Neighbourhood Plan policies around environmental protection.

Kind regards
