Thank you for the opportunity to comment on the above numbered planning application. This proposal has been considered by means of a desktop study, using the information and plans submitted with this application, in conjunction with other available WSCC map information. In respect to the above planning application I would provide the following comments.

Footpath 2438 runs between properties on Crowhurst Crescent and the River Stor. Safe Public Access must be maintained during works however if this cannot be achieved a temporary closure must be applied for via the WSCC PRoW website.
