Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Other - Privacy Light and Noise - Trees and Landscaping
Comments:	This is virtually the same application as the previous one DC/23/2057 which was refused. Now there are additions e.g. hard standing which was laid in late 2023, change of use of land for mixed use (ambiguous) and distribution but to what. Not to mention the desecration of the woodland dividing our land providing us privacy and ecological habitation. No one can provide proof that the storage containers ever contained anything. No camper van has ever been on the site. The site has no facilities water, electric or

sanitation to support anyone or animal living there.

Lack of supportive evidence or proof provided by the applicant

Changing the marking on the road to indicate an entrance although the entrance has been replaced with wooden panels the illegal road marking remain.

There is still no clarity or robust evidence to support the claim just more questions and concerns.

Kind regards
