### Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Loss of General Amenity
Comments:	I wish to raise concern regarding the wider impact of the proposed development on valued community facilities within Barns Green, including the Queens Head Public House on Chapel Road. This facility serves as an important social hub for local residents and contributes significantly to village life. The scale of the proposed housing development has the potential to increase pressure for

the redevelopment of existing community uses, which would be harmful to the long-term vitality of the settlement. The protection of established community facilities should therefore form part of the council's consideration of this application.
