Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Design - Highway Access and Parking - Loss of General Amenity - Other - Overdevelopment - Privacy Light and Noise - Trees and Landscaping
Comments:	I have already commented with my significant objection to this development. Additionally, it should be noted that the application is misleading in its request in a "conversion of an existing dwelling". The open air tennis court that is the "existing dwelling"

is false and misleading. This tennis court that is adjacent to my property has non impact on my privacy, landscape, safety, and access - to just name a few things. An actual 1no dwelling is an entirely different matter, and the people submitting the request should be reprimanded for misleading the council and building department, and their request should be denied based on the deliberate attempt to mislead the other homeowners, and council etc.

Kind regards
