COUNCIL TPO APPLICATION

TYPE OF APPLICATION: TPO

OUR WORKS REFERENCE: 421254

ADDRESS/LOCATION OF WORKS: Marringdean Road, Billingshurst, RH14 9HD

W3W: shook.poetic.twitching

DESCRIPTION OF WORKS:

Our company (Traffic Control 123 Ltd) work on behalf of Enerveo, cleaning necessary streetlights and signs of trees/foliage, so as to allow access for maintenance/repair, as well as to maintain public safety.

We have been instructed to clear the street column number 5, located on Marringdean Road.

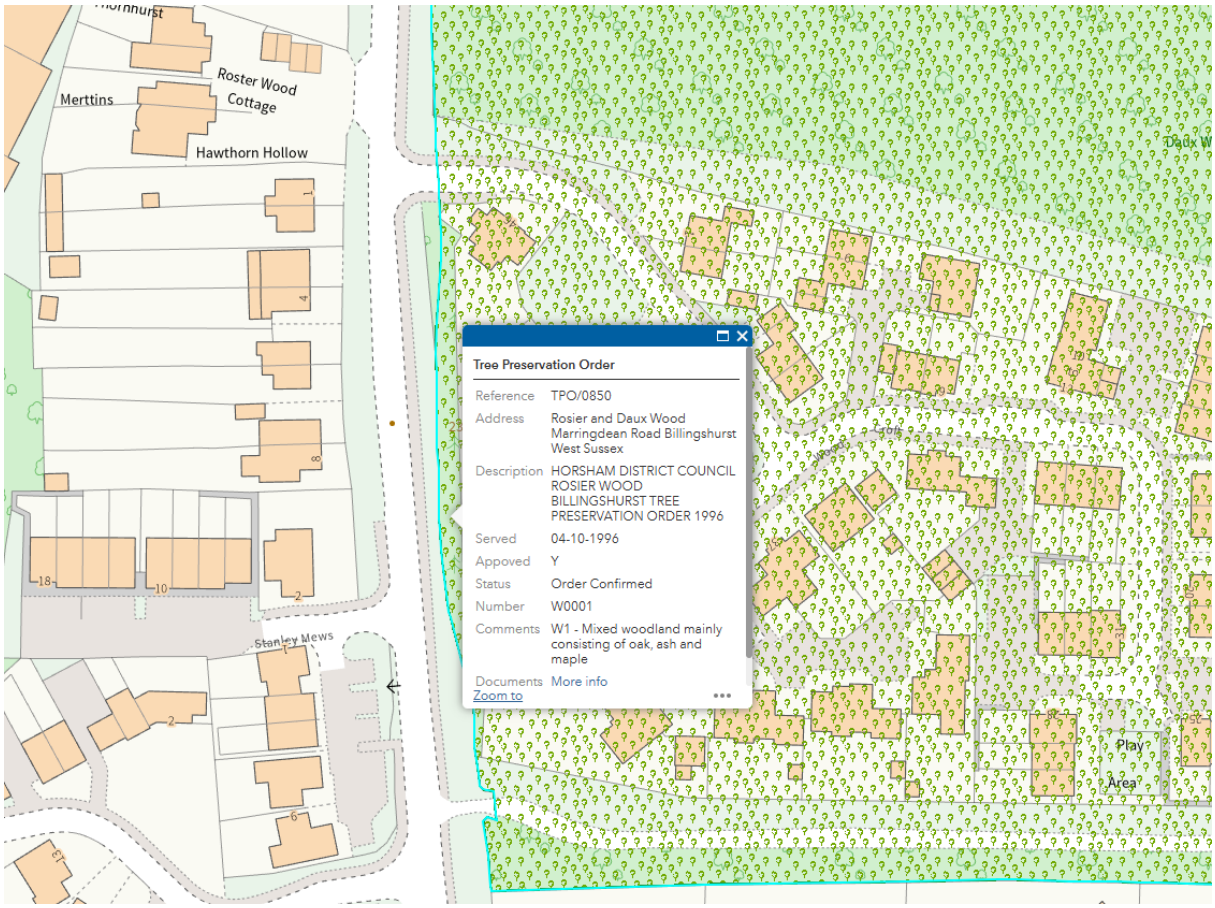
We need to trim the trees surrounding the column, at a 60 degree angle from the light head itself, so that light is able to reach the road below and maintain public safety. We will also need to clear the lighting head by 1m.

I have provided the following details along with site photos taken to highlight the works that are required.

I can see from the council map, that the tree we are required to cut, is affected by a TPO. I am therefore applying for permission to cut a small portion of the branches on these trees.

TPO NUMBERS (IF KNOWN): TPO/0850

SPECIES AFFECTED – OAK TREE



CUTTING AREA MARKED IN YELLOW BELOW. ANYTHING BELOW THE LIGHTING HEAD, AND IN FRONT OF THE COLUMN ITSELF WILL NEED TO BE TRIMMED.
