To whom it may concern

I have supported this proposed change of use on the website but copying my thoughts here to ensure they are seen before the consultation date.

We live two doors away from this property and fully support this application. The proposed change of use makes sense; providing a larger residential home whilst retaining the historic exterior of the property. Whilst we have loved having the shop so close, the current owners have had no offer to buy this business as a going concern. Indeed we do have a second Post Office and shop in the village so we are very fortunate.
