Planning
West of Ifield DC/25/1312 Objection

Categories: Comments Received

I object to the above application as building on the land involved would remove the golf course. Ifield GC has been in existence for nearly one hundred years and provides a sporting and social hub for Horsham and Crawley constituents that is invaluable for the physical and mental health of users. The rapid growth in population locally demands we retain and add sports access in particular where it benefits all age groups. While there appears to be an endless supply of new housing developments coming forward there is no need to sacrifice a golf course which is irreplaceable. Horsham Golf and Fitness 18 holes is now destined to close and should Ifield follow there will be a dearth of golf availability in north Sussex. I ask that you reject this speculative application and preserve golf as a sport within your territory.
