With reference to the above application.  
I am writing to object  
Strongly with this project.  
Ifield is a beautiful area steeped in history.  
Why build over areas of stunning wild life green fields and woods.  
With reference to Ifield Golf club,  
This is a total travesty to remove and century old club set in beautiful parkland giving pleasure to all age groups seven days a week.  
Senior members rely on this .  
We are promoting health to youngsters and what is happening ,they want to take it away.  
In my opinion is a very sad  
That this area is going to be covered in concrete.  
I agree housing is needed but surely it could be done in an area  
That has infrastructure  
And was originally industrial.  
Why ruin beauty.  
Sorry this has to be stopped.
