February 28th 2025

Dear Horsham Planning Office,

I am writing in reference to project DC/24/1837 and in regard to the question of frequency of use of this home office building. I would like to state that the primary use of this outbuilding is incidental to the enjoyment of 18 Croft Way and that the sole use of this building will not be for a business. We will use it for occasional 1:1 Pilates classes but 1:1 personal teaching will not take place on a daily basis.

Many thanks for your consideration of this additional information.

Best regards,

[redacted]
