Subject: Re: Tree Application Invalid - DC/25/1174

[redacted] [redacted]

Further to your letter requesting additional information regarding the tree measurements, please find below the required start and finish heights and proposed amount to be removed. Should you require anything further please let me know.

Current height of tree is 15m with a 12m spread to the crown. Proposal is as below:
- Trim back lateral foliage overhanging garden to west by up to 2.5m by pruning to appropriate growth points.
- Crown reduce whole of tree by up to 3m laterally and 4m in height.

Resultant size will be 11m height with a 9m spread to the crown.

Regards

Philip Andrews
