Stance: Customer objects to the Planning Application

Reasons for comment:

- Design
- Highway Access and Parking
- Other
- Trees and Landscaping

Comments: I would like to object to this planning application. The location is completely inappropriate for an entry/access/exit intensification of vehicular movement. This is also an absurd planning application for residential use in the middle of the countryside and inaccessible by foot to any shops, services or schools.

This is unplanned, and not in any way or form in keeping with the countryside. The location is not sustainable and there are no roadway pavements, rendering the location totally dangerous and unreachable.

There are beautiful fields, trees, wildlife and also listed buildings nearby and the harm this development would cause far outweighs any public benefit.

Please reject and refuse this application, we respectfully ask you to do so at the soonest opportunity.

Kind regards
