Comments:

I object to this planning application because it is overdevelopment of our lovely village with no thought for amenities the village school is already at bursting point the roads are appalling already without all the extra cars this development will create .Parking outside the shop is a problem as it is and with most households having at least 2 cars each and in most cases 3 or more where are all the extra cars going to park . Chapel lane is just that a narrow country lane and not built for such volume of traffic. Please do not spoil our village by allowing this development to go ahead .It will destroy village life and god forbid Barns Green will end up like Southwater . One wonders how much longer it will be before someone wants to build on the village green

Kind regards
