Dear Sir/Madam,

Application for Caravan Site by Mr Bailey

It has recently come to my attention, that the aforesaid Mr Bailey wishes to use land owned by him for a caravan and camping site, with entrance and exit using Windacres Farm Lane, Rudgwick.

This small residential development in Rudgwick would not be suitable at all for caravans, camper vans and such like, to travel along Windacres Farm Lane. Not only is it a quiet, residential development, but many young children live here and a caravan site would affect their health and safety if this type of traffic was using the main feeder road.

I therefore, wish to lodge my complaint and disapproval of any

such plans, and I would be very interested to hear from you any information regarding the matter, as I have no access to computers and anything shown on line.

I thank you for your consideration of this request.

Yours faithfully,

[redacted]
