Address:	The coach house The hollow Washington

Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Other - Privacy Light and Noise
Comments:	Rock house cottage is a listed building and should not be changed. It has historical detail and therefore any changes however sympathetic, would spoil the original appearance which is the point of a listed building. We are right next door and would seriously object to these works taking place. We would be subject to being overlooked with our bedroom windows on that side of the property. The space between these two properties will be reduced which is unacceptable. We have a son with [redacted] is our home and the noise pollution together with dust and fumes in the air would be detrimental to him. We view our privacy as very important and we therefore strongly object to this application

Kind regards
