Stance:	Customer made comments neither objecting to or supporting the Planning Application
Reasons for comment:	
Comments:	We don't have any objection to the extension design but hope the heat pump isn't noisy. Our garden, which runs adjacent to the proposed heat pump building, is a much treasured area of peace and tranquility. We would strongly object if what's being proposed adversely affects this. That said, we have researched the heat pump the applicants are planning to install and trust it will indeed be as quiet as the

manufacturers claim it to be.

Kind regards
