Address:	106 Hormare Crescent Storrington

Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Privacy Light and Noise
Comments:	My concern is that my property is set 7 feet further back than the front of 104 Hormare Crescent. The extension will fill in an open space above the garage and cause loss of outlook and light especially at the front of my property. The houses are only 3 feet apart so this will have a big impact. I have walked around Hormare Crescent and can see no other extensions projecting beyond the building line of the adjoining property. I understand that the builders will have to put scaffolding on my pathway to do any work. I seek assurance that I will still have

access to my rear garden via this path and that any damage caused to my property will be repaired to my satisfaction.

Kind regards
