Horsham District Council

DELEGATED APPLICATIONS - ASSESSMENT SHEET

APPLICATION NO./ADDRESS:
DC/24/0735
Oak Cottage, Broadmere Common, Henfield, West Sussex, BN5 9SG

DESCRIPTION:
Demolition of existing double garage and erection of timber framed single car port with office area and mezzanine storage above car port, and a separate garden shed.

RELEVANT PLANNING HISTORY:

DC/24/0105	Demolition of existing double garage and erection of a timber framed single garage with an office area, mezzanine storage above car port, and external store room.	Application Permitted on 26.03.2024

RELEVANT PLANNING POLICIES
The National Planning Policy Framework (NPPF)

Horsham District Planning Framework (2015):
Policy 25 - Strategic Policy: The Natural Environment and Landscape Character
Policy 26 - Strategic Policy: Countryside Protection
Policy 28 - Replacement Dwellings and House Extensions in the Countryside
Policy 32 - Strategic Policy: The Quality of New Development
Policy 33 - Development Principles

Henfield Neighbourhood Plan:
Policy 1 - A Spatial Plan
Policy 12 - Design Standards for New Development

Parish Design Statement:
Henfield Parish Design Statement, 2008

REPRESENTATIONS AND CONSULTATIONS RESPONSES

Consultations:
Nature Space: No Objection.

Natural England: Standing Advice:-

It cannot be concluded that existing abstraction within the Sussex North Water Supply Zone is not having an adverse effect on the integrity of the Arun Valley SAC/SPA/Ramsar sites. Developments within Sussex North must therefore must not add to this impact and one way of achieving this is to demonstrate water neutrality. The definition of water neutrality is the use of water in the supply area before the development is the same or lower after the development is in place.

To achieve this Natural England is working in partnership with all the relevant authorities to secure water neutrality collectively through a water neutrality strategy. Whilst the strategy is evolving, Natural

England advises that decisions on planning applications should await its completion. However, if there are applications which a planning authority deems critical to proceed in the absence of the strategy, then Natural England advises that any application needs to demonstrate water neutrality.

Parish Comments:
No Objection

Representations:
None received

HUMAN RIGHTS AND EQUALITY:
The application has been considered having regard to Article 1 of the First Protocol of the Human Rights Act 1998, which sets out a person's rights to the peaceful enjoyment of property and Article 8 of the same Act, which sets out their rights in respect to private and family life and for the home. Officers consider that the proposal would not be contrary to the provisions of the above Articles.

The application has also been considered in accordance with Horsham District Council's public sector equality duty, which seeks to prevent unlawful discrimination, to promote equality of opportunity and to foster good relations between people in a diverse community, in accordance with Section 149 of the Equality Act 2010. In this case, the proposal is not anticipated to have any potential impact from an equality perspective.

PLANNING ASSESSMENT
The application has been assessed on the basis of the submitted details, together with the planning history of the site and adjoining properties, available images and photographs supplied by the applicant. These details were considered sufficient to allow the application to be properly considered and determined.

Character and Appearance

Policy 28 of the HDPF relates to house extensions in the countryside, stating that ancillary accommodation and garaging will be required to meet with all other appropriate policies, particularly design principles, and demonstrate that the need for additional space cannot be met from an existing dwelling or buildings suitable of conversion on the site. The size of any new outbuilding should have regard to the dwelling they serve and should be grouped with the house.

Policy 32 and 33 of the HDPF seeks to ensure that development promotes a high standard and quality of design in order to enhance and protect locally distinctive characters. The policies also seek to ensure that the scale, massing and appearance of development relates sympathetically with the built surroundings, landscape, open spaces and routes within and adjoining the site, including any impact on the skyline and important views.

Policy 12 of the Neighbourhood Plan states that, as appropriate to their scale, nature and location, development proposals will be supported where their design and detailing meet the relevant requirements in the Henfield Parish Design Statement (Appendix C of the Plan). In addition, as appropriate to the site concerned, development proposals should comply with the following criteria:- a. The design respects the amenities of occupiers/users of nearby property and land. b. The design achieves satisfactory access without harming the amenities of neighbouring properties and residents. c. The scale, density, massing, height, landscape design, layout and materials of all development proposals, including alterations to existing buildings, are of a high quality and reflect the architectural and historic character and the scale of the surrounding buildings and street-scene/ landscape. d. The design preserves or enhances the character or appearance of the Henfield Conservation Area and/or preserves any adjacent listed buildings and its setting.

Planning permission was previously granted under ref: DC/24/0105 for, '*demolition of existing double garage and erection of a timber framed single garage with an office area, mezzanine storage above car*

port, and external store room'. The current proposal comprises a similar scheme but with a smaller outbuilding and a separate adjoining shed structure.

The detached replacement outbuilding would be located in the same area as the existing, with a sizeable setback from the main road which would largely prevent it being readily visible when approaching the property. The replacement garage and proposed garden shed would be clearly subservient in form and function to the main dwellinghouse, and although there would be separation between the two built forms this would reflect the existing arrangement and is considered unobjectionable.

It is considered that the proposal would be appropriately designed and scaled in relation to the host property and the wider site, and there would be no adverse impacts on the setting and the character and appearance of the wider area, in accordance with policies 28, 32 and 33 of the HDPF.

Impact on Neighbouring Amenity

Policy 33 of the HDPF states that permission will be granted for development that does not cause unacceptable harm to the amenity of the occupiers/users of nearby properties and land.

It is considered that the siting, scale and use of the proposed outbuildings and their resulting relationship with adjoining properties would be sufficient to prevent any unacceptable harm to neighbouring amenity.

Water Neutrality

There is no clear or compelling evidence to suggest the nature and scale of the proposed development would result in a more intensive occupation of the dwelling necessitating an increased consumption of water that would result in a significant impact on the Arun Valley SAC, SPA and Ramsar sites, either alone or in combination with other plans and projects. The grant of planning permission would not therefore adversely affect the integrity of these sites or otherwise conflict with policy 31 of the HDPF, NPPF paragraph 180 and the Council's obligations under the Conservation of Habitats and Species Regulations 2017.

Other Considerations

While the development is within a Red Impact Risk Zone it is considered the nature of the development presents a low risk to great crested newts and / or their habitats. An informative is though recommended to advise of relevant wildlife protection legislation.

Conclusion

The proposal is considered to comply with relevant local and national planning policies and is therefore recommended for approval.

Recommendation: Application Permitted

Conditions:

2 **Standard Time Condition**: The development hereby permitted shall begin before the expiration of three years from the date of this permission.

Reason: To comply with Section 91 of the Town and Country Planning Act 1990.

3 **Regulatory Condition**: The materials to be used in the development hereby permitted shall strictly accord with those indicated on the application form and approved plans.

Reason: To enable the Local Planning Authority to control the development in detail in the interests of visual amenity and in accordance with Policy 33 of the Horsham District Planning Framework (2015).

4 **Regulatory Condition**: The detached garage hereby permitted shall be occupied solely for purposes incidental to the occupation and enjoyment of Oak Cottage, Broadmere Common, Henfield and shall not be used as a separate unit of accommodation.

Reason: The establishment of an additional independent unit of accommodation would give rise to an over-intensive use of the site and/or lead to an unsatisfactory relationship between independent units of living accommodation contrary to Policy 33 of the Horsham District Planning Framework (2015).

NOTE TO APPLICANT
The applicant is reminded that, under the Conservation of Habitats and Species Regulations 2017 (as amended) and the Wildlife and Countryside Act 1981 (as amended), it is an offence to (amongst other things): deliberately capture, disturb, injure, or kill great crested newts; damage or destroy a breeding or resting place; intentionally or recklessly obstruct access to a resting or sheltering place. Planning permission for a development does not provide a defence against prosecution under this legislation. Should great crested newts be found at any stage of the development works, then all works should cease, and a professional and/or suitably qualified and experienced ecologist (or Natural England) should be contacted for advice on any special precautions before continuing, including the need for a licence.

POSITIVE AND PROACTIVE STATEMENT
Statement pursuant to Article 35 of the Town and Country Planning (Development Management Procedure) (England) Order 2015. The Local Planning Authority has acted positively and proactively in determining this application by assessing the proposal against all material considerations, including planning policies and any representations that may have been received, in order to be able to, where possible, grant permission.

Plans list for: DC/24/0735
(The approved plans will form Condition 1 on the Decision Notice of all Permitted applications)

Schedule of plans/documents **approved**:
