Thank you for the opportunity to comment on the above numbered planning application. This proposal has been considered by means of a desktop study, using the information and plans submitted with this application, in conjunction with other available WSCC map information. In respect to the above planning application I would provide the following comments.

My submission of 25/04/2025 was one of 'Objection – more information required'. This submission also contained a number of comments to be considered by the Applicant.

My submission of 15/07/2025 was one of 'No Objection'. This was on the basis that the Applicant complied with a number of measures discussed directly with them and also contained further comments for their consideration.

Document 'Lot 8 Public Rights of Way' dated 01/07/2025 confirmed those measures and my submission of therefore one of 'No Objection' but again with reference to those conditions and the comments of my previous submissions.
