Reasons for comment:	
Comments:	While visiting an elderly family member we have ongoing concerns about this development. During the winter months we could see through to the development at Heathers Farm. It is not keeping up with the appearance of the surrounding area, there are dogs permanently barking from very early in the morning to all through the night. We have been here for many years before it was sold to individual owners. [redacted] sold different parcels of land off around 5 years ago. There are lights on all through the night, how can they get away with living there. This is unfair on neighbours who have been around for 20 plus years. Please consider getting the mobile homes and caravans removed from the site.

Kind regards
