Stance:	Customer objects to the Planning Application
Reasons for comment:	- Privacy Light and Noise - Trees and Landscaping
Comments:	I strongly object to the proposed development on the local field. Building here will only increase traffic congestion, put further pressure on already busy local roads and lead to additional pollution. The field is an important green space for the community, providing valuable open space for residents and local wildlife. I have very fond memories on this green space from when I was a child and would hate it to be built on.

Kind regards
