**Subject:** RE: Planning Application Consultation - DISC/24/0119 The Granary Hurston Lane Storrington EH comments

Hi Tamara

Thanks for the consultation request.

For condition 4 the desktop study has concluded that the site is low risk. However the report recommends that that a watching brief is maintained until all ground works and service trench excavations are completed. Accordingly I would recommend that part (a) only of condition 4 is discharged.

For condition 5 the development is to meet water neutrality requirements by offsetting the water use of th development by providing rainwater harvesting system to supply water for livestock. The rainwater will not be use as a potable supply and therefore are no EH comments on this condition.

Regards

Lee
