Address:	7, Trundle Mead HORSHAM

Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Design - Overdevelopment - Privacy Light and Noise
Comments:	We object to this proposal as follows The new structure will be 1 m or less from our existing boundary and will block light and view from that side of our property. The proposal includes the formation of a workshop which again will be very close to our boundary and rear bedroom window. We have no details as to what this workshop will be used for or

any information regarding working hours and noise.
Generally the proposed building will be unsightly and take away from the overall look and feel of this part of Trundle Mead .
We believe that this development will change and overpower the environment we chose to live in at Trundle Mead.

Kind regards
