Horsham Denne Neighbourhood Council
CONSULTATION COMMENTS

TO:	Horsham District Council – Planning Dept
SITE ADDRESS:	24 Longhurst Avenue, Horsham
PROPOSAL:	Installation of a glass room to the rear of the house and replacement of existing rear fence (Retrospective)
REFERENCE:	DC/24/0896
RECOMMENDATION:	Objection
SUMMARY OF COMMENTS & RECOMMENDATION: Horsham Denne NC objects (see main comments)	
MAIN COMMENTS: The glass room extends well beyond the building line of the adjacent properties and takes up a significant sized area of the back garden. HDNC would like to know if the structure, which we assume is intended to be used during the colder months with the glass doors closed, will be illuminated. If so, it would be likely to cause light pollution for the adjacent properties and gardens. Therefore, until we receive a satisfactory answer to our query, HDNC objects to this retrospective application.
