Reasons for comment:	
Comments:	I write as a concerned resident whose attention has been drawn to the proposal to remove a healthy mature tree from the garden of 2 Pollards Drive. The resident leading the proposal will be have been very aware of the trees in the garden of the property, that has been entrusted to them while they live at the property. The world faces a crisis driven by over population, the uptake of scared resources, loss of habitat, loss of biodiversity and global warming. Beccause we need to preserve our habitat, I object to this proposal on the ground of loss of general amenity, over development and loss of trees and landscaping.

Kind regards
