Commenter Type:	Member of the Public
Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	- Other
Comments:	<p>I'm writing this in order to express my support for the children's play area</p> <p>The play area is screened so the children cannot see into the neighbours property or gardens and has been made to the highest safety standards for the children's enjoyment</p> <p>These types of play areas are important for children's well being and mental health allowing them to be active and outdoors rather than glued to screens, which is becoming an ever increasing problem in today's society it is soo important for children to be outdoors promoting active play for physical health and cognitive</p>

growth

The back area has always been used for family picnics, games and various gardening activities

I fully support the play area, so it can be used to promote positive attitudes and create many special memories with friends and families

It is a positive attribute to the household and should be allowed to continue to do so

Kind regards
