Commenter Type:	Member of the Public
Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	- Other
Comments:	Padel is a fast growing sport, that is far less technical to play than other racket and ball sports. People of all ages can pick this game up quickly and be active and having fun. Having padel courts at Comptons Tennis Club will allow the club to support the local community and beyond with greater impact than it already does. Alongside getting fit and being active the social and community side of padel is a large part of the sport and the health benefits of this would be far reaching into the community.

Kind regards
