### Comments Details

**Commenter Type:** Member of the Public

**Stance:** Customer made comments in support of the Planning Application

---

**Reasons for comment:** - Design

**Comments:** I support this project because of it eco credentials. Replacing an  
existing structure and becoming a Eco friendly building seems  
more in line with its location in the country side and amongst  
nature.  
We need more people who are willing to build in this style to  
cement our future

Kind regards
