Address:	Thyme Cottage Littleworth Lane Horsham

Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Design - Highway Access and Parking
Comments:	I wish to object to the application due to road safety concerns and design not being in keeping with neighbouring properties. There was a previous agreement with the residents association that only one dwelling would be built on this site and it would be in keeping with surrounding properties. Safety has always been a major concern and access on a

previous application was not acceptable to WSCC Highways. This stretch of road to the Mill Lane junction is single lane, due to residents permanently parked cars and visitors to the pub. Already narrow and hazardous enough with visibility at busy pub times, completely obscured from the Mill Lane junction. It will be difficult for construction vehicles to access the site due to the narrow single lane.

The property next to and properties immediately opposite are all brick built Edwardian style properties. The proposed modern design is not in keeping with the character of existing properties.

Kind regards
