Dear Sir/Madam,

Propoed telegraph pole

30 The Sands Ashington Pulborough West Sussex

I refer to your notification received in this office on 7th July 2025 concerning the above site.

I write to inform you that this Authority has no comments to make on the above proposal. The works can therefore be undertaken in accordance with the submitted details, together with the criteria contained within Part 16 of Schedule 2 of the Town and Country (General Permitted Development) Order 2015, as amended.

It is though advised that the proposed siting is not particularly sensitive in respect of the triangle of open space (on which it would be sited). It would be vastly more preferable for the pole to be located toward an outer edge of this open space, or if possible elsewhere on surrounding highways.

I trust this information is of assistance to you. Should you however require any further information or clarification please do not hesitate to contact the Case Officer as detailed above.

Yours faithfully

Emma Parkes
Head of Development and Building Control
