Reasons for comment:	- Other
Comments:	<p>I endorse the need for a new visitor entrance building, as the existing temporary entrance is too small, noisy, and unprofessional for a Grade 1 listed garden. I also endorse the provision of a WC and alterations to the Engine House, it is a beautiful spot to sit and look at the lakes and gardens, but for some it is not possible to enjoy it because it is a long way back to the top of the garden (and a steep climb) if one needs a toilet. This is particularly true for older visitors, and those with mobility issues. Recent changes to the buildings around the Clocktower cafe have been sympathetic and have improved the area, it makes sense to make use of these lovely buildings if they are not being used at present.</p>

Kind regards
