Comments Details

Commenter Type:	Neighbour
Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	- Design - Other
Comments:	We note the Block Plan incorrectly marks the boundary line across the front garden of our adjoining property. The correct intersection with the pavement is at the corner and then a straight line to the end of the brick garden wall of No4. The line as shown on the block plan would place our front path outside our property. Also the Block Plan fails to show the front extension erected on our house at the same time as the rear extension some 25years ago. The proposed elevation drawings do not give any details of the

exterior finishes, despite the fact that the plan title specifically mentions new external finishes. We have spoken with Mr and Mrs Tavener about the finishes and have no objection. But would observe that the plans as submitted lack detail.

Kind regards
