Comments:	<p>I fully support this application on the grounds that sadly this business is no longer a going concern and rather than simply seeing the premises vacant and in all likelihood deteriorating over time residential use would be far preferable.</p> <p>The current owners have made great effort to market the post office/stores business over an extended period of around three years but have had no success. Changes in the local demographics and particularly retail options and choices mean</p>

there is no longer the volume of trade necessary for a viable, ongoing business.

Kind regards
