HORSHAM DISTRICT COUNCIL CONSULTATION

TO:	Horsham District Council – Planning Dept
LOCATION:	Scout Hut, Craggits Lane, Henfield
DESCRIPTION:	Variation of Condition 14 of previously approved application DC/21/0095 (Demolition of the existing scout hut and boiler room. Construction of a new scout community centre). Variation sought to allow for a rainwater harvesting system and installation of PV solar panels on the roof of the building
REFERENCE:	DC/24/0873
RECOMMENDATION:	Advice ~~/ No Objection / Objection / More Information / Modification / Refusal~~
SUMMARY OF COMMENTS & RECOMMENDATION: See below	
MAIN COMMENTS: In principle I have no objection to solar panels subject to the panels being sensitively located and designed. As noted previously although the Scout Hut is a modern building it would still need to be reflective in terms of quality and design with the wider positive characteristics of the conservation area. If you are able to condition that specific information on siting, construction and number of panels are submitted I would not raise an objection provided you are satisfied that this level of information can be left as a condition.
