Reasons for comment:	- Design - Highway Access and Parking - Other
Comments:	I am the direct neighbour (next door) of the four terrace house. The extension will spoil the aesthetic feel and look of the four terrace houses both at the front and the back. Construction period will be a nuisance and noise would be unbearable, as it will be in very close proximity (just between a wall). What if in the event that error/damage occurred and it affect my house, it will be a nuisance for it to be corrected even though it should be covered by the insurance.

I also understand from Berkeley Estate Management office the houses on this estate can not be altered within 5 years. We are currently at 3 years
