| RECOMMENDATION: | Advice / No Objection / Objection / More Information / Modification / Refusal |
| SUMMARY OF COMMENTS & RECOMMENDATION: The proposed conversion to residential use will result in an increased impact to the setting of the adjacent listed building. This will not result in harm. | |
| MAIN COMMENTS: | |
| <p>Dear Hannah,</p> <p>Holders is one of a number of ancient timber framed buildings arranged in a loose hamlet on the ancient routeway between Henfield and Blackstone. The proposed conversion of the existing stable building will result in a greater impact within the setting of Holders due to increased domestic activity. But this will not be unexpected in this location with several existing residences in the immediate vicinity. The creation of a new dwelling and the increased activity will not be so impactful to result in harm. I am satisfied that the proposal is acceptable in heritage terms. I have suggested conditions below.</p> <p>Regards, Seán</p> | |
