Address:	Porters Farm Friday Street Rusper

Comments Details

Commenter Type:	Consultee
Stance:	Customer made comments neither objecting to or supporting the Planning Application
Reasons for comment:	- Design
Comments:	CAGNE is the largest umbrella aviation community and environment group for Sussex, Surrey and Kent. We raise the issue of modernisation of airspace that the government are currently progressing along with the sponsor Gatwick Airport. We see no provision to sound proof the proposed housing or ventilation. We recommend that insulation, triple glazing and air pumps be introduced to all dwelling to sound proof them for future years, to

enable the houses to be well ventilated with global warming increases in heat (unable to open windows due to the potential of aircraft noise) and safety guard inhabitants from health impacts of night flights.

We have no assurances from government or Gatwick that they will not seek new flight paths in the southeast as such measures need to be in place during planning stages to safeguard inhabitants.

Kind regards
