Address:	12 Shottermill Horsham

Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Other - Overdevelopment - Privacy Light and Noise - Trees and Landscaping
Comments:	Since the removal of a significant number of the trees along the boundary between the pitch and Nos, 12, 13 and 14 Shottermill, due to Ash die back, there is a reduction in our privacy. The tower is clearly visible from my bedroom windows and my garden. It is an eyesore, as are the two dug outs and spectator stand, which are also visible. I do have concerns the tower will be used, especially during the summer evenings, for purposes other than recording matches and could potentially be set alight. It is also pushing dog walkers nearer our boundary fencing so it is impacting general access around the pitch. The club is clearly growing and I have to question whether this is the best location for the club. I don't feel they have much cosnideration for local residents because parking is still an issue

and the level of foul language in and around the pitch has increased.

I had to object about the floodlights because one of them was shining directly into my sitting room. I have also had to complain to the Chairman of the club about the use of loud speakers and loud music.

The space is a shared space to be for the enjoyment of everyone but it is fast being taken over by the club in what is primarily a residential area.

Kind regards
