Stance:	Customer objects to the Planning Application
Reasons for comment:	- Design - Loss of General Amenity - Other
Comments:	I am writing on behalf of the Horsham Society to object to this application. We note and support the observations made by the Council's Conservation Officer. The proposals for a security shutter and lighting are inappropriate and out of context within the Conservation Area. The changes certainly do not preserve or enhance its character and should therefore be refused. It is disappointing that the applicant went ahead with these changes before seeking permission but they need to be reversed.
