Comments Details

Commenter Type:	Parish Council
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Overdevelopment
Comments:	OBJECTION The proposed extension and creation of additional parking represents an overdevelopment of this constrained site. The proposed parking spaces would be located immediately adjacent to the boundary wall of a neighbouring property within a cramped and confined setting. The Design and Access statement is factually incorrect in stating that there are no listed buildings in close proximity and fails to properly assess or address the effect on the setting.

The building extension and additional parking would result in an overly dense and intrusive form of development.

Kind regards
