RECOMMENDATION:	More Information

This application has been dealt with in accordance with the Development Control Scheme protocol for small scale proposals.

I refer to your consultation in respect of the above planning application and would provide the following comments.

Condition 14- Secure and Covered Cycle Parking
The applicant has provided a plan outlining the locations of the proposed cycle parking; this however does not demonstrate that the facilities will be secure and covered as per the condition wording.

The applicant should provide details outlining the format of the cycle parking provisions to ensure that they adhere to the stipulations within the condition prior to the condition being discharged.

Please re consult once the required additional information has been provided.
