HORSHAM DISTRICT COUNCIL CONSULTATION

TO:	Horsham District Council – Planning Dept
LOCATION:	Stonehouse Farm, Handcross Road, Plummers Plain
DESCRIPTION:	Extension of residential curtilage and creation of new vehicular access
REFERENCE:	DC-24-0408
RECOMMENDATION:	No Objection

SUMMARY OF COMMENTS & RECOMMENDATION:

The proposed access requires loss of a commensurate section of bounding hedgerow and early /semi mature trees within it. I have no concerns in respect of direct impacts on any trees of individual wider landscape significance.

If acceptable in other planning terms, mitigation planting of indigenous species to bulk up the hedgerow and conserve the roadside character (as indicatively proposed) can be achieved by condition as deemed appropriate.
