Commenter Type:	Member of the Public
Stance:	Customer made comments neither objecting to or supporting the Planning Application
Reasons for comment:	- Design - Highway Access and Parking
Comments:	Rudgwick Preservation Society understands the need for an outbuilding, in this case, described as a garage, in front of the property as there is no access to the rear except on foot. The small-scale narrow building of one storey manages to sit in its location without too much damage to the view of the house frontage. Anything bigger would have been totally inappropriate. whilst we would prefer it not to be built, it does enhance the suitability of the property for a better future domestic environment.

Kind regards
