Stance:	Customer objects to the Planning Application
Reasons for comment:	- Privacy Light and Noise
Comments:	We're concerned that light will be reduced and the house will be shaded at certain times of day. We already have issues with damp and reduced light to the north of our property and the end of the terrace. We will also be overlooked in a way that we aren't currently. We purchased the property for its position and the natural privacy afford to it and this would be compromised.

Kind regards
