2. It certifies that the use or works specified in the First Schedule taking place on the land described in the Second Schedule was lawful, on the specified date and, thus, would not have been liable for enforcement action under Part 7 of the 1990 Act on that date.

3. This certificate applies only to the extent of the proposal described in the First Schedule and to the land specified in the Second Schedule and identified on the attached plan. Any use/operations/matter which is materially different from that described or which relates to other land may render the owner or occupier liable for enforcement action.

4. The effect of the certificate is also qualified by the proviso in Section 192 (4) of the 1990 Act, as amended, which states that the lawfulness of a described use or operation is only conclusively presumed where there has been no material change, before the use is instituted or the operations begun, in any of the matters relevant to determining such lawfulness.
