Commenter Type: Member of the Public

Stance: Customer objects to the Planning Application

Reasons for comment: - Other

Comments: Environmental concerns/air quality and public health.

'Incorporate measures to reduce any actual or perceived opportunities for crime or antisocial behaviour on the site and in the surrounding area; and create visually attractive frontages where adjoining streets and public spaces, including appropriate windows and doors to assist in the informal surveillance of public areas by occupants of the site':

The existing owners are already using the site as a dumping ground and burning site which EH and WSCC are investigating. Air quality measurements have shown hazardous levels of particulate matter. Potential visibility issues from the smoke and toxic smells.

Overall concerns about the environment and the impact of the development of this greenfield site on nearby residents.

Kind regards
