Ref DC/25/0894

To Matthew Porter

Very angry and disappointed to hear you now plan to have vehicle access to the proposed new homes via Carter Drive.

We were promised at the initial meeting that that was not going to happen.

It will cause a huge increase in traffic, noise , disturbance, appearance, and risk of accidents in the area.

You promised the only entrance would be via Sergent Way. That was clearly never your intention and merely to get local residents on your side.

Shame on you.

We completely and utterly object to the plans you have submitted
