| Stance: | Customer objects to the Planning Application |
| Reasons for comment: | - Highway Access and Parking |
| Comments: | By including access to this new estate through Carter Drive there will be increased traffic though a road that does not have the capacity to support this level of traffic. It is already too narrow as it is. Two large vehicles cannot pass by each other without one giving way. |

In addition there are no footpaths or pavements whatsoever at the top end of Carter Drive. Pedestrians including children already have to walk in the middle of the road to access the top of the street. It is already unsafe without the additional traffic levels .

Remove the access from Carter Drive and I will have no further objections to the current plans.

Kind regards
