Stance:	Customer objects to the Planning Application
Reasons for comment:	<ul style="list-style-type: none">- Design- Highway Access and Parking- Overdevelopment- Privacy Light and Noise- Trees and Landscaping
Comments:	I wholeheartedly OBJECT to the development proposal.

As a local resident, I already see TOO MUCH traffic build up on our tiny road system, I have nearly been run over twice, my car has also had damage from local delivery trucks squeezing through the narrow road outside my house.

This estate is already overpopulated, with too many vehicles. The SAFETY of our children, toddlers, pets is paramount and even now without the new development, we have FAR too many cars accessing Sergent Way and Carter Drive.

This development can NOT happen. It would be impossible to live here peacefully with it built.

OBJECT.

Kind regards
